Legislative Town Hall

This is an opportunity for state legislators to learn about NYRL and our 2021 legislative priorities, including **strengthening NY's consumer protection law to ensure fairness and access to justice for all New Yorkers and small businesses**. As a coalition of 160+ organizations, including AARP, Consumer Reports, DC 37, CSSNY, NYPIRG, and WNYLC, we promote economic justice as a matter of racial and community equity through legislative and policy advocacy, education, and organizing campaigns.
